Las Costas Nayaritas

Mexican Seafood Bar
& Grill

The Costas Concept was created with the people of Atlanta Georgia in mind. The food for Las Costas originates from the Mexican state of Nayarit. Nayarit is located on the southern west end of Mexico. The Pacific Ocean provides all the fresh seafood that Nayarit people eat daily.

The food of Nayarit has flavors bursting from every bite! With all this great food comes our very own Mariachi and Nortena Groupos. These authentic musicians create a fun loving authentic Mexican experience. We will transport you to Mexico for a short time with exceptional food, authentic music and a little imagination.

We are a family owned business. Our family is made up of Mexican, Mexican American and American descendants. We represent a modern Mexcian American family that believes in core values and a strong family support system. We at every available opportunity give back to the people who have supported us throughout the years both locally and abroad.

All staff members are valued team members and treated as such. We value all team members as family. Without such valued well trained team members the Costas concept would not be the same as it is today.

Please sit back and allow us to serve you a Mexican experience filled with fun flavored food that you have been looking for, "Costas Style"!

La Casa De las Estrellas!
At Las Costas everyone is a star!
